

Single APR Mailboxes

Heavy Duty Mailboxes for Educational, Medical & Commercial Buildings

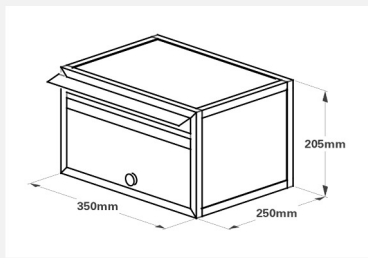

The APR Series [Australia's Most Trusted Mailboxes]

Mailsafe APR mailboxes have been Australia's favourite mailboxes for decades, and remain so because of unparalleled quality and unmatched guarantees.

The APR Series stands out because of its flexibility and usefulness to institutions, medical facilities and businesses. Why is this?

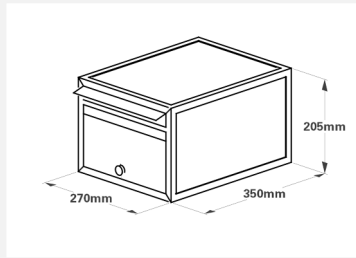

- Organisations with multiple branches and locations around Australia can have identical mailboxes.
- Wide range of colours available to suit your building or corporate colour.
- Many different sizes, configurations and fixing methods are available.
- Comfortable suits A4 or A3 mail for increased security and reduced folding/damage.
- Heavy duty construction to help prevent vandalism and theft.
- All APR Series mailboxes are covered by a 10 year Warranty. Our Powdercoating plant is a 'Registered Dulux Applicator', which means Dulux fully backs the powdercoatings done on our products.

Suits A3 - Landscape Style, Front or Rear Retrieval

Custom Height, Width & Depth

APR Series Options [For every situation]

Freestanding

Heavy duty 70x70mm stands are available for all Mailsafe Mailboxes. These include a stylish angled mitre and cap for a professional finish.

Built-In

The APR series is suitable for incorporating into brickwork and concrete. 20, 32 & 50mm trimming is available; this is perfect where there is a need for retro-fitting.

Wall Mounted

APR mailboxes are suited to mounting directly to wall or pillars. Wall mount fixings are available.

Locking Mechanisms

Standard camlocks, padlockable latch handles are fitted as standard. Master keys, combination locks, and restricted keying systems are also available.

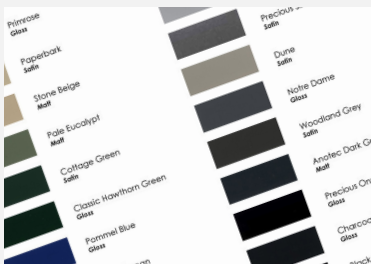

Signage/Identification

Engraved strips are included on each mailbox for clear identification. Optional signplates, numbering and wayfinding are available on request.

Super Heavy Duty

As standard, the APR series is designed to minimise theft and vandalism, however extra door strengtheners are available for high-risk areas.

Huge Range of Colours Available

All Mailboxes can be powdercoated in most Dulux colours as standard. Any other powdercoat colour can be done optionally. All powdercoating is done by a Registered Dulux Applicator, which means all powdercoatings are fully backed by Dulux warranties.*

* Dulux warranties are between 10 and 30 years, depending on powdercoat type requested.
